

## THE LABYRINTH

Provides a circular walkway for meditation culminating in a sculpture of a Great Blue Heron created by Ed Hearn.

On the outer rim of the Labyrinth, there are 88 private areas for interment of cremains. Of these, only one site remains.

Reservations for services, memorial options and fees can be found on our website, in our Chapel brochure or by request.

### THE ORIGINAL MEMORIAL GARDEN

This portion of the Memorial Garden provides an elevated, landscaped area for interment of cremains.

Two adjacent pedestals hold brass plaques inscribed with the names of loved ones interred here.

### THE CHAPEL WOODS

This newest addition to the Memorial Gardens was dedicated in 2014 and presents a serene location surrounded by nature. A tranquil walkway circles through beautiful mature trees and allows a view of the Kenan Chapel and the adjacent Labyrinth.

All along the Chapel Woods walkway are areas for resting and meditation with nearby individual sites for interment of the cremains of loved ones.

Each of the individual sites will be permanently identified by a brown Dakota mahogany granite marker.
